“ Ray was a favorite of us at Alabama Power. He and i talked often and especially after i had open heart, three bypass. He had been experincing some symptoms of heart issues and was keeping me posted on his reports. Little did we know heart issues were the least of his problems. Ray always had a smile, a story or a funny joke when you took the time to talk with him. Ironically, i found that my daughter was one of his nurses at Grandview and got to know him and his wonderful family for a short while. I will miss him greatly.
