“ To the Putnal Family, I pray that the Lord of all comfort and strength is guiding you through these difficult days. Mrs. Putnal will forever ever be in my heart. She is no longer suffering and is in the ever loving presence of the Lord; however the pain of death for those left behind still remains. Mr. Putnal, what an awesome blessing to have had 33 yrs with the same woman and as you adapt to this chapter of life without her, I know that you will have some good days and some bad and that's when I'm sure the Lord will lay you on my heart the most. I count it a blessing to have shared with you during this difficult time of your lives. If we never meet again on this side, I will see you again and there will be no more weeping there. Much love and blessings always for you and your family, Gloria Daniels, RN @ Select
