“ *Harold and his family were very generous with their time for me while I was with his daughter Trecia. He also adored his kids, In-laws and grandkids. While he was well he was a lot of fun ! Some of my fondest memories of Harold was when he wanted to go play golf as he was a very good golfer and watched the game religiously ! I guess he got so many tips from watching it , he would give me advice on playing the game. It must have worked because he psyched me out and beat me every so often. Some of the greatest and competitive golf Ive ever played. He would tell me about playing with Bill the pharmacist, I guess they played a lot because he was good at it ! He will be sorely missed by friends and family. My prayers go out to them for their loss. Tim Huffine*
