“ This is how he wants to be remembered. That shoulder to lean on, that open mind and ear to all of us close to him. That hand in the deep water. That friend you could call in the middle of the night to rescue you from the side of the road. The Big Brother who always had your back, I'm missing you already. But I know where you are going and that helps my heart find peace. You're crossing over the Jordan River today, I'll see you on the other side soon. My best friend and brother in Christ ,Mark A. Holt...for over 43years. March 3 1968-October 5,2017

“ *Mark was such a light hearted kidder. He loved pranking people. It tickled him to his core. He would frequently get me to go to his car to " get something" while it was dark out. He would cut the lights off and sneak around the house to scare me. He thought it was the funniest thing. He always did that to people he loved. It was the few joys he had in his life. I love him and will always love and miss him so much.*
