“ *Myra was my very best friend, more like my sister than friend. We have had so many adventures, when they say she had a sweet spirit, she absolutely did. She gave me comfort in troubled times and clear headed advise in my crazy times. We have had so much laughter together. I know you are where we are striving to get to be with our Lord and Savior. This world lost an Angel but Heaven received the best. Fly high sweet friend because I know you are (Fine).*

“ *I spent so many days of my youth at Myra's house hanging out with Dawn. Myra was a second mom to me and one of the sweetest women I have ever known.*

*Myra had such a wonderful spirit. When I called and asked "How are you feeling today" she would always say "I'm OK. My heart aches for your pain. One day we will all meet again. Love all of you very much.*
