“ *I remember how crazy and silly you were in high school, and how I had such a big crush on you in high school, but ofcourse you never knew that. I will never understand why this had to happen, and at such an important time in your life. I just want to thank you for making us laugh for all those years in highchool, and that you will be missed by so many people. I do not know you Niki, but I am so so sorry that this happened, but he will always be by your side whether you know it or not.
