“ I believe that God sent Daryl to Tammy. I think when I saw the care and the trips he gave to Kyndall during her illness is when I saw the depths of his love for Tammy and her 3 girls. He was a great man and I never heard one bad thing about his character . I know Tammy and all the kids and grands will miss him desperately , but I know there is no more suffering . I had the privledge of praying with them soon after diagnosis . I know who he trusted in . God bless Tammy my sweet cousin and the entire family .

This is for Daryl. Right before you married Tammy you arrested me for prescriptions. I want to say thank you so much because I would not be here today it were not to be you. You see how God orchestrates and places people in and around your life. Usually you see how God uses them after you have walked through a tragedy or a victory; or you may see them after they're gone to heaven. I hope this ministers to you or someone else to realize people ;people in your life, Family, Family love is something that is very dear to my heart. But the meaning of this post is to realize the purpose on how the person plays a part in your life whether that may be good or bad. I like to think of good things and I know that Daryl does to. I do know that Daryl loved everyone especially his family. He also died knowing that his family was going to be okay? That only comes from God and the help from this community and others that he has served. Tammy is the one person he wanted to be taken care of.
