“ I meet Steve in high school. We worked together on the farm from 1976 through 1980.

He taught me to run all kinds of equipment. He had no fear. We built roads and motorcycle tracks all over the farm. I remember laying those bricks in the drive way. Around the edges and the house. Being a poor kid, I was intimidated at first, but Steve had such a kind heart, didn't ever show out with his families wealth. He was just plain ol Steve.

Loved playing music, riding jeeps, and taking the boat out on Smith lake, cutting hay, working the farm and one very scary trip in the pond in front of the house in a bass boat on skies.

He way pure fun.

Thank u Steve Hallmark for showing me how to better myself and sharing your family with me.

His mother and daddy included me in everything as well along with a bid group of friends.

Later in life, Ted helped me in my early mining days showing me the does and donts

I always thought those days taught me how that u are only limited by your dreams

Dream big, have a better life. Don't be scared to go big

I am very sorry for the family for this sad day. Love u Steve and will never those great times

Your friend
