“ *Oh, my sweet Aunt Thelma! My Mama's younger sister. You and I have always been really close and you used to say when all of us kids were growing up that I should have been your child because I was always so much like you. I have always loved to read, loved doing any kind of crafts, art, painting and singing, just like you. You have always been so very talented in so many ways. As a small child, I can remember you putting those Toni home perms in my hair. Throughout your life, you have taken time to enjoy the things and people you love. Of all the adults, you were the most laid back and approachable.*

I remember when you found out I was pregnant with the very first great-grandbaby of the family, you came to see me and brought me a precious little pink baby dress. Then later you gave me a baby shower. Turned out my baby really was a girl and she wore that little dress home from the hospital! So very many memories are with me. You will live in in the memories of your children and grandchildren but you will live in my memories as well. I love you dearly my precious Aunt Thelma. I will miss you terribly but I know you are now with Uncle Jeff, Randy and Phillip and many others we love. I will look forward to seeing you again one day.
