“ So sorry to hear about Mac. We were friends all through high school. The best memory I have was when he asked me to do his homework; he had to play ball. I agreed, but I gave him the wrong paper's. That did not turn out as we had planned, however, we laughed it off. We lived in the best of times. My condolence to Mac's wife and family. Patsy VanDyke Cothren

This does not surprise me at all. I know how mischievous my Daddy was as an adult so I can only imagine the things he tried as a teen. Thank you for sharing.

“ Mac was one of several good friends that I grew up with. I remember going over to his neighborhood and playing baseball with him, Bobby Orange and the Isabell's. We were fortunate to have grown up in a time that allowed us to play safely together even after dark. Only Mac's closest friends knew his whole name and I considered myself as one. Please accept my condolences.

“ *So many good times and memories of and with Mac. From the Roebuck Elks to 4-wheeling and camping in places only accessible by 4 wheel drive. Also great times in Westville, Florida at his brother, Eddies place. Together, he and I could be very mischievous. I recall letters that were sent to our friends from people that had recently passed away like "Frisco". Several others come to mind and I think that I have copies of those letters. Mac could also be quite obstreperous and this trait sometimes did not serve his eye sockets well. Although he was an Auburn fan and me for Alabama, we never had cross words during football seasons. Myself and several others will be toasting to his memory and telling stories very soon at the Elks Lodge. Heartfelt condolences to Lori, Andy and the rest of his family. He'll be missed. R.I.P. Mac!*
