“ Bill was 8 years older that I am and to say I looked up to him is quite an understatement. He rafted, he worked at an airport, he flew planes, he had a fantastic car.....all the things that made him the coolest older cousin in the world. When I was in high school, Bill called and told me he had to fly some parts to Houma and asked if I wanted to go with him. Well hell yeah I wanted to go. The cool cousin and me in an airplane, my coolnest level doubled just because he asked. I met him at Uncle Chris's and Aunt Bobbie's house and we were off. After takeoff, he leveled the plane and showed me all the controls and the compass heading and said ok it's yours, I need a nap and told me what time to wake him.

Now I knew he wasn't sleeping and he was watching me like a hawk but it didn't matter. I was in an airplane with the coolest guy I ever knew. We have stayed in touch through the years and I'm gonna miss you and I love you Bill Christopher.
