

William Wesley Logan

September 2, 1933 - February 21, 2020

William "Bill" Wesley Logan passed away on Friday, February 21, 2020 at age 86. He is survived by his loving wife of 64 years, Lela Sloan Logan; one brother, Hoyt Logan; brother-in-law, Charles (Gail) Sloan; many nieces and nephews; many employees who have been like their children through the years; and other extended family and friends. Bill was preceded in death by his parents, two sisters, and one brother. Bill and Lela have owned Logan's General Store in the West Blount Community for over 50 years. The area has changed over time but Logan's General Store has been a landmark through it all because of Bill and Lela and this prompted a nomination for an article in Positive Maturity's 2nd Annual 2015 Top 50 Over 50. Bill has always supported his community in every way including financially and emotionally. He has always set the highest example of citizenship and service and this will continue with the legacy he has left in those he has invested in. It would have been easy to stop long ago but he never did, he always kept serving, contributing, encouraging, investing and striving to make the community a better place. He has given countless young people opportunities through their business. He will be missed immeasurably not only by his family but in a community in which he is so dearly loved. Visitation will be Tuesday, February 25, 6:00 p.m. until 8:00 p.m. at The New Gardendale Funeral Home. The funeral service will be Wednesday, February 26, 2020 at 11:00 a.m. in the chapel of the funeral home with burial to follow at Dailey's Chapel Cemetery in Rosa, AL.

“ I remember stopping at the store and Aubrey Russell said he wanted to introduce me to someone. It was Bill Logan, Aubrey told me Bill was buying his store. He was a young fellow then and so was I.

“ My heart is so sad. We always enjoyed going in to the store and getting our breakfast. Mr. Logan was either making biscuits or sitting in the chair. As I was waiting I would chat with him for a second and he always smiled as we spoke. I will miss you, Mr. Logan, as I know everyone else will as well. Our sincere condolences to you, Mrs. Logan and other family members. Praying for comfort and peace for all of you.

“ Obi and tiger was a conversation we had from time to time over the years. When I was around 9 years old I had a dog named tiger that would follow me when I walked down to the store. It was not as busy on the roads back then and I grew up behind logans in the house next door to the little white church. My dog tiger(mixed shepard) and his dog obi(german shepherd) that lived at the store would always get in a fight since they were both alpha males. Mr. Logan would always have to break up the fight. It got to the point when I walked in the door at logans he would say "hey booboo(a nice name my grandfather gave me) where is tiger?" But he was always patient with me about it. So after our dogs were both gone he would always pick at me saying my dog tiger lost the fights. And of course I'd say something like not from what I saw. We even ragged each other about not to long ago when I went by the store. This was from my childhood 40 years ago with him and it will always bring a smile to me. I also worked for him as a teenager at the store. RIP Mr. Logan, you are a blessing to all of us.

“ When I was a little girl, my Uncle Bill used to let me sit on his foot while he walked around the house with me sitting there hanging onto his leg. I remember him singing the song North to Alaska. He was my daddy’s baby brother. I remember my dad telling me that when my dad got drafted and left for the Army in World War II, that my Uncle Bill had his arms around a pine tree crying as my Dad left. My Granny and Pa thought Bill was the cutest thing they had ever seen and entered him in a beautiful baby contest when he was a baby. They could not understand why he did not win. I remember Sunday afternoon sitting on my Granny and Pa’s front porch with Uncle Bill and Aunt Lela and the rest of the family. Those were good times. I don’t know how we all seemed to fit on the porch, but somehow we did. I would love to go back and have one of those Sunday afternoons again. I went to see my Grandma once in the nursing home. I was talking about my little boy Brian still being my baby, she said Bill was still her baby and he was in his 40s.

“ I have known the Logan's most of my life. As a kid, and a teenager, I walked down to Logan's General Store. I remember when Mr. Logan bought the store from Aubrey Russell back in 1969. My father Robert Bromley worked for the Logan's back in the early 70's for a while. He was a bookkeeper for them, and had other odd jobs. He was working for Aubrey Russell. When Logan bought him out, I remember seeing Bill working on a vegetable garden back behind where Shipp's Health Mart is, for years. He will be missed.
