“ *Dan was a great friend and business associate and will certainly be remember and missed by all who knew him. We worked together for several years. He was an excellent pilot and when I flew with him it was no problem for me to hop in the back and go to sleep. One time we were flying from Shreveport to Jacksonville and he was instrument training. I woke up and we were still flying...Dan told me we had gone through one storm and he was going around another one. And I was oblivious to what was going on. My sincere condolences to Melanie, Wendy, Scott and Dan's entire family. God bless and be with all of you during this period. Ron Moore*
